All,  
Yes, the waiver document was in the mailroom - - per Chairman's instructions to hold documents. I have advised mailroom to dispatch the waiver request for Chairman's signature that this item is a priority for the Chairman to sign. They are handling it now.

Hi James,

I checked with the EDO mail room yesterday because I was curious as well. My understanding if I have it correct, is that the EDO did in fact sign it, but the mail room was given instruction to hold correspondence for the Chairman until the Chairman's office gives the okay as they are focusing on transitioning, etc. I was told that high priority correspondence could be sent to them, but it would require contacting Kathryn Brock. Given that we were told the Chairman was expecting to sign the waiver before he leaves, I would think it would be considered high priority. If you agree, I will contact Kathryn today.

Thanx for the follow up,

Any word on the Chairman's signing of the waiver? The memo in ADAMS shows it was signed by EDO on 6/25.
