Mike----

Could you please request reading room access for me? I need to go back and look at the Westinghouse GOBLIN calculation that was put in the reading room almost two years ago at Stacy's request so I can answer the new ACRS questions from Maitri.

Hopefully it is still there. If not, we may have to request that it be re-loaded. I can partially answer the questions based on my recollection, but will need to refresh my memory to fully answer them.

Thanks!
Jim Gilmer
