Randy,

The dates would be 3/8-10 for the RIC. I just wanted to get a feel for your availability, but a discussion on EP sounds about right.

Thanks,
Richard

Sure I am available what are the dates again?

But we have discussed in the past just about everything we were going to do in EP...

If the doc is public by then, I guess we could discuss consequences and/or outcomes, maybe even big picture stuff...

But what does your management have in mind?

Randy,

Please let me know your availability to discuss SOARCA at the RIC. I was hoping that you would be able to provide your insights on SOARCA at the RIC.

Thanks,
