Richard,

I tried to give you a call to discuss this, but your prior contact information is still in the system.

Marty has a conflict for this afternoon, and I think it is critical for him to participate in this discussion. In talking with him, it looks like next week will be a much better option. If possible, please schedule the meeting for later in the morning or early in the afternoon (probably no later than 1:00pm – 2:00pm) to accommodate his schedule.

Please let me know if you have any questions. Thanks so much.

Regards,
Dan

All,

I have recently taken over from Jon Barr as the SOARCA PM. I have been asked by my management to set up a meeting between the PRA and SOARCA folks in order to come up with options for management on how the SECY paper will recommend a path forward for either or both studies. Please let me know if there are more people I should include on this list.

I apologize for the short notice of this meeting.

Regards,
Richard
