Subject: Extension to SOARCA peer review contracts

Sally,

Based on new guidance from the NRC I would like to extend the period of performance of the SOARCA peer review contracts for 12 months (November 2011). Right now this will be a no-cost extension but ultimately we will need to add a bit more money to the contracts as well. It looks like the SOARCA project may get extended.

I know we have made a number of mods to the peer review contracts so please let me know if this extension represents a problem.

Also, please respond to both Richard Chang and I so Richard is in the loop. Richard is the NRC PM on the SOARCA project.

Best regards,

Shawn
