Dear Sir or Madam:

Re: Amendment request for NRC Materials License # 06-28459-01

I am writing to explain why the mailing address for our new facility in North Haven has changed.

At the beginning of this project, when the contractor applied for a construction permit, an address had to be established. Because the construction equipment and supplies were entering the site at 158 State Street that is the address that was used on the permit application, and the address we were given to us and to our landlord.

As part of the construction project, a separate entrance to our facility was created from Devine Street, and it is that entrance that will serve as the primary point of access for patients and staff. Therefore, the Town of North Haven and the Post Office have assigned a permanent mailing address of 2 Devine Street, Suite 1, North Haven, CT to our building. This is consistent with the other buildings being built on the site as part of the Crossroads Medical Center project, and is the most appropriate address for us to use going forward. Our target date to move from 40 Temple St, Suite 6A, New Haven to 2 Devine Street, Suite 1, North Haven is October 22, 2012.

I would be happy to answer any additional questions you might have in this regard.

Thank you very much,

 John B. Colebaugh, MHA, FHFMA
