FYI-I'll try to touch base with both of you next week regarding this.

Cheers,  
Richard

Richard,

Attached is a list of the NRC staff comments on the main document that Lanny and I can't answer without additional information or input from the NRC staff. I realize that this is getting late but I need to request that the feedback from the staff be in the form of specific text changes at this point if Lanny is to have a chance of getting the implemented in addition to the other comments he will be finishing this week.

Best regards,

Shawn
