Mr. Steve Eisenberg, General Manager
Energy Products
National Technical Systems
533 Main Street
Acton, MA 01720

SUBJECT: NATIONAL TECHNICAL SYSTEMS' RESPONSE TO THE U.S. NUCLEAR
REGULATORY COMMISSION INSPECTION REPORT NO.99900923/2012-201,
NOTICE OF VIOLATION, AND NOTICE OF NONCONFORMANCE

Dear Mr. Eisenberg:

Thank you for your September 24, 2012 letter in response to the Notice of Violation and Notice of Nonconformance (NON) that was discussed in the subject U.S. Nuclear Regulatory Commission (NRC) inspection report (IR).

We have reviewed your letter and found that it was not fully responsive to one of the issues discussed in IR 99900923/2012-201. Specifically, your response to NON 99900923/2012-201-02 stated that National Technical Systems' (NTS) will review the requirements to incorporate lot and batch control on the purchase orders for these and similar items to help ensure material traceability as required with appropriate project and quality personnel to ensure proper awareness and training. Please clarify your response to indicate what other actions NTS will take to assure that your suppliers maintain lot and batch control.

In accordance with Title 10 of the *Code of Federal Regulation* (10 CFR) 2.390 "Public Inspections, Exemptions, Requests for Withholding," of the NRC's "Rules of Practice," a copy of this letter, its enclosure(s), and your response will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System, accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. To the extent possible, your response should not include any personal privacy, proprietary, or safeguards information so that it can be made available to the Public without redaction. If personal privacy or proprietary information is necessary to provide an acceptable response, then please provide a bracketed copy of your response that identifies the information that should be protected and a redacted copy of your response that deletes such information. If you request that such material is withheld from public disclosure, you must specifically identify the portions of your response that you seek to have withheld and provide in detail the bases for your claim (e.g., explain why the disclosure of information will create an unwarranted invasion of personal privacy or provide the information required by 10 CFR 2.390(b) to support a request for withholding confidential commercial or financial information). If safeguards information is necessary to provide an acceptable response, please provide the level of protection described in 10 CFR 73.21 "Protection of Safeguards Information: Performance Requirements."

S. Eisenberg
