Mike,

For you- anything!

I just met with Kathy, and she discussed paralleling the main report with Appendices A & B. If that is the final decision, I will agree to it...but I really am hesitant to assign my confidence to the idea.

Thanks,  
Richard

Richard:

After discussing schedule with Kathy, I will have a few more changes for your schedule. Can you meet me at the office at 5pm? I'm in training until then.

Mike

Looks great, thanks! I cautioned Richard about addressing anything to do with due dates and timing as we do not the Commission to hear about a delay from anyone but us. The way you've addressed this (that the states will be notified about public comment, etc through press releases) is perfect.

Dear Kathy and Mike,

Attached is the SOARCA intro that Richard plans to share verbally during the CRCPD meeting today, for an initial early reach-out to the states. Please send us any comments/revisions. Note that Richard pulled this material off the SOARCA website.

Thanks,  
Tina
