No problem. Richard OR I would only attend if Pat Santiago cannot make it (for the SOARCA discussion).

Good afternoon:

If you are on the scheduler for the OPA/RES Periodic as an optional attendee, you're on the "To" section of this email.

I wanted to emphasize that we only need people at the meeting who are providing updates to OPA and answering questions. These periodics are not large, formal meetings and we only want key people to attend. Shirley got concerned because a number of people were added to the initial meeting invite and she asked me to reach out to folks in order to keep the meeting small.

Thanks,

Amy
