Richard....what do you think?

Dear BCs

We have recently asked SNL to complete certain SOARCA products within a definite schedule (Prior to May 2011). These products require their focused attention. To ensure that there is no conflict with other RES work, we are looking to identify any work to be done by Mark Leonard, KC Wagner or Randy Gauntt before May 2011.

I would appreciate any information including negative replys on these key investigators being involved in projects. If you could let me know before Wednesday COB, I would appreciate it.

Thanks,

*Pat*
