Well we can keep those dates as long as we plan to meet them but if they aren't real then I don't like them but if mike said do it...then I feel we need to talk to him before we change anything.

Fyi

Scott burns is in and wants to talk at 10:30 tomorrow...i was going to ask Mike if we can miss the all hands thanks

The public comment period isn't until May...I backed up the date because Mike Scott wanted me to move some activities back....

Would you like me to make the change?
