Just to clarify - I did not send the schedule to Jennifer, I sent the extension request (hard copy) that Richard provided in a concurrence package. Richard, Mike and I do need to meet on the schedule so we are all aligned, but it does not have to be today. I will leave it up to Richard to advise Mike and I whether today is a better time or meeting sometime next week is better for him.

Just to clarify, my understanding is that Kathy sent forward the schedule to Jennifer this afternoon, so I assume we no longer need this meeting at 5pm. Richard and I are working hard on other things (Richard on other SOARCA tasks, myself on LTR SECY), so unless you tell us otherwise, we assume the 5pm meeting is off.

Thanks,  
Tina

I guess maybe we all should meet since Richard and I discussed some more and he feels that the changes I requested will significantly impact the schedule. So let's chat together to all get on the same page. ☺

Richard:

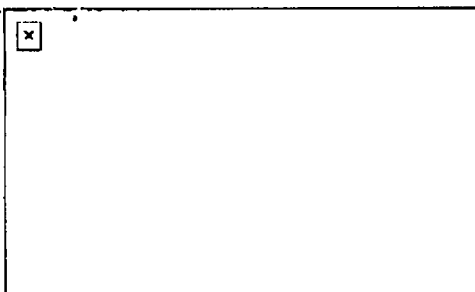

After discussing schedule with Kathy, I will have a few more changes for your schedule. Can you meet me at the office at 5pm? I'm in training until then.

Looks great, thanks! I cautioned Richard about addressing anything to do with due dates and timing as we do not the Commission to hear about a delay from anyone but us. The way you've addressed this (that the states will be notified about public comment, etc through press releases) is perfect.

Dear Kathy and Mike,

Attached is the SOARCA intro that Richard plans to share verbally during the CRCPD meeting today, for an initial early reach-out to the states. Please send us any comments/revisions. Note that Richard pulled this material off the SOARCA website.

Thanks,  
Tina
