Subject: Suggested Combination of Licenses
(NOTE: This will be used as the Documents Title in ADAMS)

I called and discussed with Dr. Schultz the possibility of combining these two licenses. The amendment requested a change to the inventory method of the PuBe source which does not affect the SUD-311 license. However the licensee wishes to keep the application documents the same for the two licenses and submitted the procedure change. I discussed that one license would reduce the administrative work of maintaining two licenses.

Action Required: Dr. Schultz will request the material from SUD-311 be added to the 31-02102-02 license and then terminate the SUD-311 license.
