Subject: Additional information for amendment request

(NOTE: This will be used as the  
Documents Title in ADAMS)

I contacted the licensee on several occasions on the week of 09/24 and 10/2, and on 10/9, regarding the supplemental information provided in an amendment request letter dated July 20, 2012. The amendment was to add Vicente Lam Siu, M.D., as AU for 35.100, 35.200, 35.300 uses. The licensee only provided a certificate from the Puerto Rico Board of Licensing and Medical Disciplines, authorizing Dr. Lam Siu to practice medicine and surgery. I left messages for Dr. Iraida Romero to submit a completed and signed NRC Form 313A for the proposed AU, as well as a preceptor attestation. I did not receive any response from the licensee.

On 10/11, I contacted the licensee and was told that Dr. Romero has been sick and out of the office for some time. I asked to speak to the technologist, who informed me that Dr. Romero has been sick as well, and directed me to speak with the proposed AU, Dr. Vicente Lam Siu. Dr. Lam Siu stated that he is working on completing the Form 313A, and will provide it to Dr. Romero for signature by 10/16. (He will not be able to submit it any earlier as Dr. Romero is out of the office and there is a holiday on 10/12).
