Reference 1 approved and issued a license amendment for the Physical Security Plan submitted via Reference 2 by Westinghouse Electric Company LLC (Westinghouse) for the Hematite Decommissioning Project. Pursuant to 10 CFR 70.32(e), Reference 3 submitted minor revisions to the Physical Security Plan that would not decrease the effectiveness of the Physical Security Plan.

The purpose of this letter is to request a license amendment pursuant to 10 CFR 70.34 for revision to the Physical Security Plan. Attachment 1 is the revised Physical Security Plan. Attachment 2 is the revision matrix identifying the specific changes and the reasons for those

changes. Since Westinghouse understands that NRC has previously reviewed Reference 2, Attachment 1 (HEM-12-125) incorporates the changes identified by Reference 2, but those changes are not indicated by sidebars or discussed in Attachment 2 (HEM-12-125).

Westinghouse requests amendment to Condition 13 of License SNM-33 as follows (strikeout and underline used to show the changes):
