Subject: IPEC License Renewal Conference Call Request

Mike,

Following up from yesterday's call regarding buried piping Entergy suggests the following times:

- Any time this afternoon
- Tomorrow morning any time before 10 am.

If these times are not convenient please suggest alternatives.

We also request that Bill Holston be on the call.

Please include Nelson Azevedo on any correspondence related to this call as I shall be out of the office tomorrow.

Thanks,

Roger Waters

LICENSEE: Entergy Nuclear Operations, Inc.

FACILITY: Indian Point Nuclear Generating Unit Nos. 2 and 3

SUBJECT: SUMMARY OF TELEPHONE CONFERENCE CALL HELD ON OCTOBER 11, 2012 BETWEEN THE U.S. NUCLEAR REGULATORY COMMISSION AND ENTERGY NUCLEAR OPERATIONS, INC., CONCERNING THE INDIAN POINT LICENSE RENEWAL APPLICATION

The U.S. Nuclear Regulatory Commission (NRC) the staff and representatives of Entergy Nuclear Operations, Inc. (Entergy) held a telephone conference call on October 11, 2012, to discuss information pertaining to the NRC staff's ongoing review of the application for renewal of the operating licenses for Indian Point Nuclear Generating Unit Nos. 2 and 3 (IP2 and IP3). During the call, Entergy informed the NRC staff that it had recently identified piping that could be considered underground piping according to the definition in the Generic Aging Lessons Learned Report. The piping at issue is approximately 30 feet of service water piping, and certain fuel oil piping, each located in a vault. Entergy will be submitting a letter clarifying the status of the piping and any associated impacts to the IP2 and IP3 license renewal application.

Enclosure 1 provides a listing of the participants of the phone call.

The applicant had an opportunity to comment on this summary.

Michael Wentzel, Project Manager
Projects Branch 2
Division of License Renewal
Office of Nuclear Reactor Regulation

Docket Numbers: 50-247 and 50-286
