RE: FOIA REQUEST Expedited Processing Requested

Dear FOIA Officer,

Pursuant to the Freedom of Information Act, 5 U.S.C., sect. 552., I hereby request copies of the following:

Attachment 2 to the NRC's September 9, 2008 "Communication Plan for Information Request Pursuant to 10 CFR 50.54(f) Related to External Flooding, Including Failure of the Jocassee Dam, at Oconee Nuclear Station, Units 1, 2, and 3".

This document is in NRC ADAMS under Accession Number ML082250166.

All that is being requested per this Freedom of Information Act request is the four page Attachment 2 entitled "Timeline of Interactions with the Licensee on the External Flooding Issue at the Oconee Nuclear STation (ONS)."

Please do not delay this request by including the remainder of the document. All that is desired under this request is the timeline in Attachment 2 of ML082250166.

Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. I am also requesting expedited processing given that the issue at hand -- the potential for catastrophic flooding at Oconee Nuclear Station as a result of the failure of the Jocassee Dam -- represents a clear and present danger to human life, and personal safety would be jeopardized by the failure to process this request immediately.

Sincerely,

Tom Zeller Jr.
