STP Nuclear Operating Company
Attn: Mr. Paul Serra, Plant Protection Manager
P.O. Box 289
Wadsworth, TX 77483

LETTER OF AGREEMENT

Dear Mr. Serra:

U.S. Coast Guard Marine Safety Unit Galveston, Texas, is prepared to respond and assist in the event of an emergency. However, Sector Corpus Christi is the primary Coast Guard office responsible for responding to an incident.

It is understood that the Emergency Operations Center (EOC) will be in Matagorda County EOC in Bay City, Texas, and that notifications to our office would come through the Matagorda County Sheriff's office or EOC. Response personnel from the Marine Safety Unit will travel to the EOC, if needed, to assist Sector Corpus Christi's with their response.

In the event of a radiological release, I request that my office be notified in addition to Sector Corpus Christi. Please provide the following information:

Date/Time of incident
On-Scene weather conditions
Downwind extent of the hazard
Extent of pollution in the water, if any

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional nuclear units at the existing STP facility. The proposed Emergency Plans for STP units 3 and 4 are based upon the existing Emergency Plans for STP units 1 and 2. The Coast Guard is committed to participating any further development of any Emergency Plans, including any field demonstrations, and to execute our responsibilities under these plans in the event of an emergency.

January 24, 2007

As per our earlier discussions a Memorandum of Understanding between our office and the STP Nuclear Operating Company is not necessary. We are prepared to provide any assistance requested by Sector Corpus Christi while responding to your facilities needs. Our office can be contacted 24 hours a day at 409-766-5420.

Sincerely,

B. P. HALL
Commander, U.S. Coast Guard
Commanding Officer
Marine Safety Unit Galveston

(979) 245-7145 (fax)

The American Red Cross Rio Colorado Chapter will assume the responsibilities appropriate to our authority as identified in the Matagorda County Annex W Implementing Procedure 71, Reception Center Operations (American Red Cross) and the South Texas Project Emergency Plan. These responsibilities will include:

1. Support for mass care needs of individuals displaced due to an emergency declaration at South Texas Project.

2. Responsible for the registration of individuals evacuated to a Matagorda County Reception Center.

3. Emergent Disaster Assistance for evacuated persons within the scope of applicable Red Cross services. The staff, volunteers, and management for the Matagorda County Chapter further agree to be available for participation in training, drills, and actual events upon request from STP or Matagorda County Officials.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement is in response to the responsibilities identified in the Emergency Management Plan for Matagorda County, Bay City, and Palacios. This letter shall remain in effect until canceled or modified. A cancellation shall be preceded by a thirty (30) day written notice.

Sincerely,

Mary P. Curry

Dear Mr. Serra:

This letter is provided to assist with the emergency preparedness program at the South Texas Project (STP). Bay City Independent School District is prepared to provide evacuation vehicle services to Matagorda County or STP in the event of an accident at the Station. Buses will be provided as requested by Matagorda County or STP officials. We will provide the requisite buses and can assist in providing additional drivers to meet the needs.

We are also prepared to provide the County with facilities for reception centers for registering and monitoring evacuees and for congregate care. It is anticipated that STP Nuclear Operating Company will provide any training and education necessary to acquaint our emergency response personnel with the plan and potential emergency conditions.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement is in response to the responsibilities identified in the Emergency Management Plan for Matagorda County, Bay City, and Palacios. This letter shall remain in effect until canceled or modified. A cancellation shall be preceded by a thirty (30) day written notice.

Dear Mr. Serra:

The Bay City Police Department, by this Letter of Agreement, will provide law enforcement support to the South Texas Project (STP) to assist in traffic control, personnel evacuation, or other response requiring law enforcement during an actual emergency or drill/exercise situation. Upon request, we also agree to provide peace officers for security purposes at the Joint Information Center, any alternate emergency facility within the city limits of Bay City, and/or the local radio stations. Assistance provided by the Bay City Police Department will be under the control and coordination of the Matagorda County Sheriffs Department. Our personnel can respond to the Station in approximately one hour. These services are available 24 hours a day and may be obtained by calling the Bay City Police Department at (979) 245-8500.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This Letter of Agreement is in accordance with the responsibilities identified in the Emergency Management Plan for Matagorda County, and in support of the Emergency Preparedness Program at the South Texas Project. Ref: Letter of Agreement with STP Nuclear Operating Company (STPNOC)

Dear Mr. Serra:

The Best Western Matagorda Hotel and Conference Center, under management of Country Hospitality LLC will continue to honor the contractual agreement between the hotel and the STP Nuclear Operating Company.

At this time we have an agreement with STPNOC to serve as the Joint Information Center. The public areas of the hotel are used for briefing the news media during any emergencies, which might exist at the station. There are also emergency drills conducted several times a year in which all of the meeting rooms are utilized by STPNOC for the drills.

Drills are scheduled several months in advance and last no longer than two (2) days. The rooms are reserved as any meeting planner would reserve a conference room.

In the event of an actual emergency at STP, the Joint Information Center will operate twenty-four (24) hours daily for the duration of the emergency. Activation of the Joint Information Center will involve the meeting rooms and the guest rooms. Food and beverage accommodations will be needed on a twenty four (24) hour basis, as well. There will be an immediate release of all meeting rooms and guest rooms will be released to STPNOC within twelve (12) hours of notifications. STPNOC will be issued keys to all applicable doors for security purposes.

Best Western
Matagorda Hotel
& CONFERENCE CENTER

For Reservations Call
1-800-245-5404

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

An area in the banquet garage is to be used by STPNOC for the storage of your equipment for which you will pay $80.00 per month. Due to heat, which builds up in the storage area, there are a few items stored in the air conditioned main building. A copier is stored in the Guest Service Manager's office, while four (4) TV/VCR's, four (4) telecopiers and three (3) computer systems are stored in the telephone room.

STPNOC has installed phone lines in each of the meeting rooms for their usage and the system is totally separate from the hotels' and has provided easels and charts to the hotel which will continue to be available for any STP event at no charge.

All of the needs of the Joint Information Center will be coordinated predominately through the sales and catering office, which will in turn advise all other departments involved.

STNOCP will provide certain key personnel with badges or some type of identification to facilitate their being allowed entrance to the hotel through any possible control points. This will only be necessary in the case of an actual emergency.

Should you have any questions, please feel free to contact me.

Sincerely,

Kevin Ali

Dear Mr. Serra:

This letter of agreement is provided to assist with the emergency preparedness program at the South Texas Project (STP). In that capacity, the Bay City Plant of Celanese, Ltd. will make an effort to inform the South Texas Project control room of any release, air or surface, of a chemical which may affect the environment of the South Texas Project. Our intention would be to notify your facility as soon as possible following our determination of the release and its potential impact upon the South Texas Project.

A sample listing of the chemicals used or produced at Celanese, Ltd. Bay City Plant follows:

Vinyl Acetate	Ethylene	Butyraldehyde
Acetic Acid	Propylene	Propionaldehyde
Butanol	Carbon Monoxide	Normal Butyl Acetate
Propanol	Hydrogen	Propyl Acetate
Heptanoic Acid	Heptanal	Iso Butyl Acetate
Pelargonic Acid	Nonanal	Acetaldehyde

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site.

We request that we be notified of releases from the South Texas Project which might have an adverse effect upon our operations. Notification should be made to our Security Office at (979) 241-4046 or (979) 245-2932. They remain 24-hour numbers, which are available 365 days a year. We realize that a notification from STPNOC may be a duplication of a notification from Matagorda County officials.

Sincerely,

Ref: Letter of Agreement with STP Nuclear Operating Company (STPNOC)

Dear Mr. Serra:

In the event of an emergency at the South Texas Project (STP) and the inoperability of the Emergency Operations Facility at the station, the Bay City Service Center will be made available for use as the STP Alternate Emergency Operations Facility. The Service Center may also be used during drills and exercises, as needed, by making arrangements with Robin Brant at the Service Center at (979) 323-1660.

The City of Bay City will allow STP Nuclear Operating Company to rent Rooms 111 and 113 at the Bay City Civic Center for use by the Texas Department of State Health Services (DSHS), Radiation Control Program during drills, exercises, and events, for the normal room rental charge. STP Nuclear Operating Company will make arrangements for use of the rooms during drills and exercises by calling the Bay City Chamber of Commerce and scheduling the rooms, as for any normal Civic Center event. During natural or technological disasters, the rooms will be made available immediately, as per the management contract. The State of Texas will be allowed to continue to permanently store emergency response equipment and supplies in the closet that opens off the north side or Room 113, for no additional charge. STP Nuclear Operating Company will be allowed to maintain the State's radio antenna and radio connection and the necessary telephone lines for the State to maintain disaster operations in the rooms. The radio connections and telephone lines will continue to be paid for by the STP Nuclear Operating Company. The electrical connection for the Texas Department of State Health Services mobile laboratory will continue to be maintained on the north side of the property and paid for by STP Nuclear Operating Company. Any necessary changes to this location due to the expansion of the building or the parking lot will be coordinated with the STP Nuclear Operating Company and the State of Texas Department of State Health Services.

The Bay City Civic Center is also available for use as a Federal Response Center, should the need arise. The facility may be activated through the Bay City Chamber of Commerce or the Bay City Police Department. Arrangements for the use of the Bay City Civic Center may be made by calling the Chamber of Commerce office at (979) 245-8333.

The keys to the Service Center and the Civic Center are issued through the Bay City Police Department Dispatcher at 2201 Avenue H, Bay City, Texas. The Police Department phone number is (979) 245-8500.

The keys will be issued to DSHS or STP employees upon the presentation of a DSHS or STP badge. This service is available on a 24-hour basis.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter shall remain in effect until canceled or modified. A cancellation shall be preceded by a thirty (30) day written notice.

If I can be of any further assistance to you or your staff please do not hesitate to contact me. My phone number at City Hall is (979) 245-2137.

Sincerely,

Richard Knapik, Mayor

Dear Ladies and Gentlemen:

This letter certifies that the plant emergency assistance agreement between INPO and its member utilities remains in effect. In the event of an emergency at your utility, INPO will assist you in acquiring the help of other organizations in the industry, as described in Section 1 of the Emergency Resources Manual, INPO 03-001. If requested, INPO will provide the following assistance:

- Facilitate technical information flow from the affected utility to the nuclear industry.
- Locate replacement equipment and personnel with technical expertise.
- Obtain technical information and industry experience regarding plant components and systems.
- Provide an INPO liaison to facilitate interface.

This agreement will remain in effect until terminated in writing. Should you have questions, please call me at (770) 644-8212 or e-mail placejj@inpo.org.

Paul Serra, Plant Protection Manager
STPEGS, N4006
P. O. Box 289
Wadsworth, TX 77483

Ref: Matagorda County Emergency Response

Dear Mr. Serra:

This annual letter covering 2007, is to affirm that Radio Station KMKS-FM plans to participate in the Emergency Alert System (EAS) for Matagorda County as its primary volunteer EAS station for declared emergencies, (*see Matagorda County Annex W Implementing Procedures, KMKS Radio Operations, Procedure 61*).

KMKS will make a reasonable effort to assist in the event of a declared emergency in Matagorda County, including emergencies at South Texas Project Electric Generating Station. KMKS will activation the alert radios by transmitting the appropriate tone from its studios or by allowing Matagorda County Emergency Officials to activate remotely from the Emergency Operations Center during declared emergencies in the event KMKS staff is not available.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plan for STP Units 3 and 4 are based upon the existing Emergency Plan for STP Units 1 and 2 are practicable. KMKS is committed to participate in any reasonable further development of the current Emergency Plans *as* defined by our F.C.C. license and to execute our responsibilities under these Plans in the event of an emergency. KMKS agrees to provide resources for field demonstrations and development of Emergency Plans required by STP licensing at the rate previously provided STP.

South Texas Project Electric Generating Station is responsible for maintaining operational equipment, which is used in the activation of the STP Emergency Alert Radios.

Sincerely,

Margaret K. Sandlin

Dear Mr. Serra:

The Bay City Volunteer Fire Department currently has 45 active firefighters. These firefighters respond to alarms in Bay City as well as throughout Matagorda County 24 hours a day. We provide mutual aid to all volunteer fire departments in the county.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

The services of the Bay City Volunteer Fire Department may be obtained by calling (979) 245-8313 (for emergencies) or (979) 245-8314 (for non-emergencies). If called upon, we can respond to the South Texas Project in approximately 1 hour. We will provide assistance as necessary for Spent Fuel Pool makeup and spray, as well as providing spray to effluents during an event. We will provide firefighting support services to the project in the event of an emergency or drill/exercise situation

Dear Mr. Serra:

The Palacios Volunteer Fire Department reaffirms its intent to provide fire fighting support and rescue service to the South Texas Project in the event of an emergency or drill / exercise situation. These and other responsibilities of this department are identified in the Emergency Management Plan for Matagorda County, Bay City, and Palacios. Our response is in support of that plan and the South Texas Project Emergency Plan.

The services of the Palacios Volunteer Fire Department may be obtained by calling (361) 972-3112. This is a 24-hour emergency number. Our response time to the generating station is approximately 30 minutes.

We will also be able to participate in training, drills, and exercises with proper advance notification and on request.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement shall remain in effect unless modified or revoked by the Palacios Volunteer Fire Department or the management of the STP Nuclear Operating Company. Modification or revocation requires an advance written thirty (30) day notice.

Dear Mr. Serra:

This letter is provided to assist with the emergency preparedness program at the South Texas Project (STP). Lyondell Chemical Company, Matagorda Plant, is prepared to inform the Control Room at STP of any release, air or surface, of a chemical which may adversely affect the environment of STP. The notifications will be made immediately upon our determination of the release and its potential impact on your site.

A sample listing of chemicals used at our facility is as follows:

Butene
Ethylene
Hexane
Titanium Tetrachloride

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

We request to be notified immediately of releases from the STP which may have an adverse affect upon our operations. These notifications should be made by calling the Lyondell Guard House at (979) 244-7177. This is a twenty-four hour emergency notification number and is available 365 days a year. We realize that a notification from STPNOC may be a duplication of a notification from Matagorda County Officials, but could be important in the event of a radio communication failure.

This letter shall remain in effect unless modified or revoked. A modification or revocation requires a thirty-day prior notice.

Dear Mr. Serra:

We, Matagorda County, Bay City, and Palacios, jointly and mutually agree to support the South Texas Project Nuclear Operating Company during emergencies, drills, and exercises. Our emergency response will be based upon the responsibilities and guidance contained within the Emergency Management Plan for Matagorda County, Bay City, and Palacios, and the associated procedures, rules, regulations, and applicable laws.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

Please communicate your needs for emergency assistance to the Matagorda County Sheriff's Department at (979) 245-5526, stating the situation at hand and the emergency assistance you desire. Every effort will be made by Matagorda County, Bay City, and Palacios to work with you to save lives, minimize damage, alleviate suffering, and to restore and rehabilitate property and society, within our respective jurisdictions.

We assume the training and education necessary to acquaint our emergency response personnel with the plan and potential emergency conditions, which will be available either from the State of Texas or your staff. Please coordinate that training with Bob Watts, Matagorda County Emergency Management Coordinator at (979) 323-0707.

Dear Mr. Serra:

This letter reaffirms our agreement and intent for Matagorda County EMS to provide emergency pre-hospital medical care and ambulance service for the South Texas Project (STP) should natural or human-origin emergencies occur. Our service, which is available 24 hours per day, will be provided according to the procedures established in the STP Emergency Plan. We have advanced life support capability for patients who require it. Calling (979) 323-7911 can activate services.

Matagorda County EMS can, under normal conditions, respond to emergencies at STP within approximately 30 minutes. Our staff is available to participate in training, drills and exercises upon request from STPNOC officials.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement shall remain in effect unless modified or revoked by the management of the County of Matagorda, Matagorda County EMS or STPNOC. Any modification or revocation of the agreement will require (30) day advance notice in writing.

Sincerely,

Fred Wilkins, Director of Operations

Ref: Letter of Agreement with STP Nuclear Operating Company (STPNOC)

Dear Mr. Serra:

This letter affirms our agreement and intent for the Matagorda County Environmental Health Department to assist STPNOC, with service available on a 24 hour per day basis, or as needed, during an emergency situation at STP. We are committed to ensure the environmental health and safety of the public and STPNOC nonessential employees by assisting the American Red Cross in opening and operating a Reception Center(s) and a monitoring and decontamination facility or facilities when the need arises.

We will maintain the necessary inventory of supplies to accommodate such an operation, with your staff's assistance and with financial assistance from the STPNOC. We anticipate you will provide the necessary dosimetry and the reading of thermoluminescent dosimetry in your laboratory.

My staff is available to participate in training, drills and exercises upon request from STPNOC officials and/or Matagorda County emergency management officials. My staff will also assist STPNOC in training radiation monitors for participation at the Reception Center(s).

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement shall remain in effect until cancelled or modified. Any modification or revocation of the agreement will require (30) day advance notice in writing. If I may be of further assistance, please do not hesitate to call.

Sincerely,

Ed Schulze
Director

Ref: **Letter of Agreement with STP Nuclear Operating Company (STPNOC)**

Dear Mr. Serra:

Matagorda County Hospital District and its Medical Staff take pride in being available to provide medical care when needed for both conventional and radiological injuries that occur in emergency or drill/exercise situations. Matagorda General Hospital shall serve as the primary response organization with secondary support provided by the Palacios Community Medical Center. Matagorda County Hospital District shall contract with the Palacios Community Medical Center to maintain Palacios Community Medical Center as a backup facility. Matagorda County Hospital District shall ensure that the Palacios Community Medical Center complies with the needs of the STPNOC. In that context, we will remain responsible and accountable for the execution of training, drills, and exercises at Palacios Community Medical Center.

Please note that the emergency rooms at both facilities are staffed by physicians (at times physician extenders at Palacios Community Medical Center) twenty-four hours per day and are equipped to handle emergencies arising in Matagorda County. Additionally, to further support the South Texas Project Emergency Plan, the facility in Bay City includes a unique decontamination room for these related emergencies. Services of Matagorda General Hospital and the Palacios Community Medical Center may be obtained by calling the Matagorda General Hospital Emergency Room at (979) 245-6383.

It is my understanding that STPNOC will continue to provide any training needed by the staff of Matagorda County Hospital District and the Palacios Community Medical Center in addition to any special equipment required for the safe provision of contaminated/injured emergency medical service.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement shall remain in effect until cancelled or modified. Any modification or revocation of the agreement will require (30) day advance notice in writing.

Sincerely,
MATAGORDA COUNTY HOSPITAL DISTRICT

Ref: Letter of Agreement with STP Nuclear Operating Company (STPNOC)

Dear Mr. Serra:

This letter reaffirms that that Matagorda County Sheriff's Office is prepared to assist the STP Nuclear Operating Company in responding to an emergency, or participating in training and drill/exercise.

The Sheriff's Office may be contacted by calling the communications dispatcher telephone (979) 245-5526 any time, 24-hours a day, 365 days a year. My personnel are available by Sheriff's dispatcher via telephone and radio for dispatching to the STP or a designated location upon the request.

The Sheriff's Office is the primary Law Enforcement Agency in the county. I have access to the personnel and resources of the Bay City and Palacios Police Department, the Texas Department of Public Safety, the Law Enforcement Officers of Texas Parks and Wildlife Department, and the National Guard, should the situation extend for several days or require several officers. The Emergency Management Plan of Matagorda County, Bay City and Palacios, identifies the responsibilities for the Sheriff's Office as Law Enforcement, evacuation/traffic control, communications, warning/notification and maintenance of the Matagorda County Emergency Operations Center. We shall respond as required in the plan and applicable law to emergencies, and participate in training, drills, and exercises.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement shall remain in effect unless modified or revoked by the Sheriff or the management of the STP Nuclear Operating Company. Modification or revocation requires an advance written thirty (30) day notice.

Sincerely,

James D. Mitchell, Sheriff
Matagorda County, Texas

Dear Mr. Serra:

This letter affirms our agreement and intent for Matagorda Independent School District, during an emergency event at the South Texas Project, to perform early dismissal of students at the Alert Level. At the Site Area Emergency or General Emergency level of event, we will evacuate students to McAllister Junior High School in Bay City, Texas, if monitoring and decontamination are required, before releasing them to their families. If monitoring and decontamination are not required, or after they have been performed, any remaining students will be taken to Linnie Roberts Elementary in Bay City, Texas for release to their families. A school district representative will remain with the students until such time as all students have been picked up.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement shall remain in effect unless modified or revoked by the Matagorda Independent School District or the management of STPNOC. Modification or revocation requires an advance written thirty (30) day notice.

MEMORIAL HERMANN
Texas Medical Center

Paul Serra
STP Nuclear Operating Company
Manager, Emergency Response, Access and Communication
Post Office Box 289
Wadsworth, Texas 77483

Dear Mr. Serra:

Memorial Hermann agrees to accept patients from the South Texas Project on a 24-hour, 7-day a week basis. We understand these patients may present as externally radiologically contaminated or may have received internal contamination. We understand these [patients may arrive by air ambulance or conventional ambulance. We feel confident of our ability to handle and treat any type of injury we may receive from the South Texas Project (STP).

We agree to and will accept and treat various types of patients needing emergency care or for long-term monitoring of internal or acute doses of radiation.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed emergency plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement shall remain in effect unless modified or revoked by the Memorial Hermann Hospital or the management of the STP Nuclear Operating Company. Modification revocation requires an advance written thirty (30) day notice.

Your contact is Will David, RN, BSN, CEN, CFRN, NREMT-P, Clinical Director of the Life Flight/Emergency Center for Memorial Hermann-Texas Medical Center. Will can be reached at (713) 704-8886 or (713) 704-4034.

Sincerely,

Paul Serra, Plant Protection
STP Nuclear Operating Company
P. O. Box 289
Wadsworth, TX 77483

Dear Mr. Serra:

This letter is to affirm that Palacios Independent School District is willing to assist with the emergency preparedness program at the STP Nuclear Operating Company. Palacios Independent School District is prepared to provide buses for evacuation services to Matagorda County or STP in the event of an accident at the station. Buses will be provided, as requested by the, Matagorda County Judge or STP Nuclear Operating Company officials. We are also prepared to provide the County with facilities for reception centers for registering and monitoring evacuees and for congregate care.

The STP Nuclear Operating Company will provide all training and education necessary to inform and familiarize our emergency response personnel with the plan and potential emergency conditions.

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

This letter of agreement is in response to the responsibilities identified in the Emergency Management Plan for Matagorda County, Bay City, and Palacios.

This letter shall remain in effect unless modified or revoked by the Palacios Independent School District or the management of the STP Nuclear Operating Company. Modification or revocation requires an advance written thirty (30) day notice.

Yours in education,

Paul Smith

Ref: Letter of Agreement with STP Nuclear Operating Company (STPNOC)

Dear Mr. Serra:

The Palacios Police Department reaffirms its intent to respond to emergency or drill/exercise situations at the South Texas Project. The Palacios Police Department response will be under the control and at the request of the Matagorda County Sheriff's Department, and may include law enforcement, traffic control, evacuation assistance and control, warning notification, and other assistance as requested and as personnel and resources allow.

This letter of agreement is issued in support of the Emergency Management Plan for Matagorda County, Bay City, and Palacios and in support of the emergency preparedness program at the South Texas Project.

The Palacios Police Department will participate in training, drills and exercises, in addition to emergencies, upon request from the Station or the county Sheriff,

We acknowledge the intent of the STP Nuclear Operating Company to construct two additional units at the existing STP site. The proposed Emergency Plans for STP Units 3 and 4 are based upon the existing Emergency Plans for STP Units 1 and 2 and are practicable. Our agency is committed to participate in any further development of the current Emergency Plans, including any field demonstrations, and to execute our responsibilities under these Plans in the event of an emergency.

The City of Palacios Police Department can respond to emergencies at the Station in approximately thirty minutes. This service is available 24 hours per day. To activate our service, please call the dispatch office at (361) 972-3112.

This letter of agreement shall remain in effect unless modified or revoked by the Palacios Police Department or the management of the STP Nuclear Operating Company. Modification or revocation requires an advance written thirty (30) day notice.

Sincerely,

Bernando Guerrero
Chief of Police
