Renewed Facility Operating License Nos. DPR-29 and DPR-30
NRC Docket Nos. 50-254 and 50-265

Subject: Environmental Study for Quad Cities Nuclear Power Station

Quad Cities Nuclear Power Station (QCNPS) has petitioned the Illinois Pollution Control Board requesting approval for the application of alternate thermal standards for discharges from the Station to the Mississippi River. Pursuant to Appendix B (Section 2.2) of the Renewed Facility Operating Licenses for QCNPS, enclosed is the environmental study which supported that request. The environmental study has also been provided to the Illinois Environmental Protection Agency.

Should you have any questions concerning this letter, please contact Mr. Wally J. Beck at (309) 227-2800.

Respectfully,

Tim Hanley
Site Vice President
