

MEMORANDUM

To: File
From: Harry A. Freeman
Date: May 11, 2006
Subject: 06033 Phone Record 042706

On April 27, 2006, I contacted the alleged for the subject allegation to discuss our plan to address his concerns. I summarized what we believed were his concerns. He agreed and added that he was also concerned that of the 30-40 individuals who routinely interfaced with the (b)(7)(C) no one raised the fitness-for-duty issue until he and another individual, who had infrequent contact, pursued resolution.
