Subject: Additional information for amendment request

(NOTE: This will be used as the
Documents Title in ADAMS)

I contacted Mr. Keck on 10/31/12 to confirm if there were any sources that were moved to the new Brachytherapy Storage Room, and if so, he would need to provide information on the type of sources and applicable shielding information as necessary.

Mr. Keck responded that only Cs-131 and I-125 sources in lead pigs will be moved. No additional shielding is necessary.

Mr. Keck also confirmed that keys to the unit are still secured and the emergency response equipment described in the previous tie-downs will be moved to the new room.
