**Subject:** 2012-11-06 Woodlan RAI 264-6877 (19-21, 19-22) re Extreme Winds and PMP - Request for Clarifying Conference Call

Steve,

We have been holding internal strategy meetings on the two questions in this RAI regarding the treatment of external events including extreme winds and PMP. We need some clarification and are currently gathering our thoughts for a discussion with the NRC staff. I am proposing a clarifying conference call for **11/15/12** at either **7am EST or 8am EST**. The early time will allow us to complete the call before the 10:30am DCWG meeting.

I am certain that we will need more than the requested 35 days to provide quality responses to these questions. The questions are challenging and our work is being impacted by the storm and the Thanksgiving holiday. I will be able to provide a better estimate of how much time is needed after the conference call.

The NRC staff has identified that additional information is needed to continue its review of the combined license application. The NRC staff's request for additional information (RAI) is contained in the attachment. Luminant is requested to inform the NRC staff if a conference call is needed.

The response to this RAI is due within 35 calendar days of **October 18, 2012**.

Note: The NRC staff requests that the RAI response include any proposed changes to the FSAR.

thanks,
