Subject: agenda item - October 21st EDO Monthly Management Meeting

Lance, Glenn,

In addition to the 5-10 minute presentation by MJ on the HQ earthquake response and lessons learned, ADM has a second topic to suggest for the Oct 21 agenda: a presentation on "Controlling NRC conference/meeting costs." The presentation would be about 10-15 minutes, by Sandie Schoenmann, and discuss ADM's plans for the agency response to the Sept 21 memorandum from OMB, "Eliminating Excess Conference Spending and Promoting Efficiency in Government," as a result of DOJ's "muffin-gate." A response is due to OMB from NRC on November 1 so this would be a timely opportunity to alert ODS/RAs to new controls in this area.
