Subject: RE: Reply Requested: Status Update

Good Morning,

G20110718 was delivered to the EDO mailroom yesterday. An advance copy of ADM's response is being forwarded to J. E. Dyer and M. Brown this morning for review in order to meet the November 1, 2011, due date to OMB.

Thanks,
Deanna

Subject: Reply Requested: Status Update

Please provide the status for the following documents. Let me know if they are on track to be to OEDO and/or the Commission on time. If not, please let me know why they will be late and when you intend to provide them. Please respond by 10:00 a.m., Thursday (10/27).

Note: If your office has any staff-generated documents for the Commission or the Chairman that will be provided either this week or in the next two weeks, please advise so we can notify SECY.

ADM G20110718 - Provide OMB a report on the results of eliminating excess conference spending and promoting efficiency in government.

FSME 200900003 – (Info.) - Provide an annual Information paper, instead of a NUREG, on the status of the decommissioning program. Establish a regular frequency for verifying info on the NRC website, that may be referenced in the paper, is up-to-date and complete.

HR 199500079 - Provide annual report on NRC personnel statistics (FY 2011).

NMSS 200700202 – Plan for rulemaking for licensing and regulation of reprocessing facilities (Part 70 & Part 50) including recommended options for a path forward and rulemaking plan.

NRO 201100153 - Provide a paper that explores the feasibility of including risk information in categorizing SSCs as safety-related and nonsafety-related for the design-specific SMR review plans in both the short and long term.

NRO 201100170 – Provide an information paper that outlines a graded approach to the emergency planning requirements for SRMs and an outreach plan for gaining stakeholder input.

NRO 200600184 – Provide quarterly status report which addresses ongoing multinational design evaluation program (MDEP) developments in the form of a note from the DEDO to the Commission Technical Assistants.

NSIR 201000099 – Provide quarterly updates (via CA note) on the status of licensees' transition to the new emergency response data system (ERDS).

RES 199500047 – Provide annual status report on the progress on the risk-informed and performance based plan (RPP).

RES 201100120 - Provide a plan for the development of guidance that will ensure that the formal utilization of expert judgment is applied consistently in regulatory decision making throughout the agency.
