Roger,

It is a negative on item#2 about docs for Location Solvers. Our acquisition database shows no contracts with that entity.

We are currently searching our database for event planning contractors to answer items #1. We know we have used a few since 2005. We will get back to you today with the names of the contractors as soon as our search is done.

James/Alba: I received this Green Ticket last night and (in theory) it's due today! I believe DoC may be the entity that can help me on this (not CFO as indicated below). Please see the two questions on page 4 of the letter. Can someone on your staff provide me the information we need to respond to this? I'm hoping the answers to these are that we have nothing to report.

Thanks for your prompt attention.

Attached is the referenced action green ticket document assigned to OEDO (Roger Rihm) to coordinate with CFO if required. The ADAMS version will be sent after DPC processes.
