## SUBJECT: IMPLEMENTATION OF FINANCIAL ASSURANCE REQUIREMENTS ISSUED JUNE 17, 2011

Dear Mr. Richard:

On June 17, 2011, the Commission issued amended rules for financial assurance for decommissioning applicable to NRC licenses issued pursuant to 10 CFR Parts 30, 40, and 70. The final rules become effective on December 17, 2012. Below are examples of some of the changes to the financial assurance regulations for materials licensees:

| Mechanism Type                                      | New Requirement(s)  |
|---|---|
| Prepayment Instruments                              | The only prepayment financial assurance instruments that will be<br>allowed under the amended regulations are trust funds. Escrow<br>accounts, government funds, certificates of deposits, and deposit<br>of government securities cannot be used under the amended<br>regulations. |
| Surety Methods                                      | The amended regulation eliminates the line of credit as a financial assurance instrument.   |
| Parent Company<br>Guarantees and Self<br>Guarantees | Several changes have been made, including required annual submittals of the financial test, changes in the financial test, and the establishment of a standby trust fund.   |

In addition to the changes above, Decommissioning Funding Plans must be submitted to the NRC for review during license renewals and at intervals not to exceed three years. To ensure compliance with the regulations, please review the Federal Register Notice Volume 76, Number 117, pages 35512-35575 at <a href="http://www.gpo.gov/fdsys/pkg/FR-2011-06-17/pdf/2011-14267.pdf">http://www.gpo.gov/fdsys/pkg/FR-2011-06-17/pdf/2011-14267.pdf</a>.

This letter is to bring to your attention the changes in the regulations so that you can assess the impacts to your financial assurance program. No response to this letter is required.
