Re: Request for Hearing or Further Discussion and Review

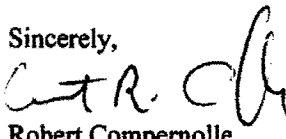

Dear Sirs:

In accordance with 10 CFR 2.103 (b) (2), FMRI and Fansteel are requesting a hearing regarding the October 2, 2012 letter related to the proposed indirect change of control of FMRI and denial of changes to the primary note.

The parties believe that the extending the amortization of the primary note is a required element of the proposed indirect change of control.

Given that this request, and all prior discussions and submittals in connection with the proposed change to the amortization involves commercially sensitive and confidential financial information not generally available to the public, we respectfully request that this communication and all discussions, meetings and information submittals thereof be afforded confidential treatment and withheld from public disclosure as provided by 10 CFR 2.390.

Sincerely,

Robert Compennolle
