Florida Fish and Wildlife Conservation Commission

Basic recreational saltwater fishing regulations

This brief summary of regulations governs the taking of saltwater species in Florida state waters for personal use. It is not applicable to the commercial harvesting of these species. The absence of complete laws, rules and regulations in this summary does not relieve persons from compliance with those laws, rules or regulations. State waters extend to 3 nautical miles on the Atlantic and 9 nautical miles on the Gulf. Federal rules apply beyond state waters. For species that do not have an established bag limit, more than 100 pounds or two fish per harvester per day (whichever is greater), is considered commercial quantities. A saltwater products license and commercial vessel registration is required to harvest commercial quantities of unregulated species. It is illegal to sell recreationally harvested fish without compliance with commercial license requirements. **Issue Thirty Four, Jan. 2009**

SEATROUT REGIONS

"Northeast Region" means all state waters lying north of the Flagler-Volusia County line to the Florida-Georgia border, and adjacent federal Exclusive Economic Zone (EEZ) waters.

"Northwest Region" means all state waters north and west of a line running due west from the westernmost point of Fred Howard Park Causeway (28E9.350'N 82E48.398'W), which is approximately 1.17 nautical miles south of the Pasco-Pinellas County line to the Florida-Alabama border, and adjacent federal EEZ waters.

"South Region" means state waters lying between the Flagler-Volusia County line on the Atlantic Ocean and the southern boundary of the Northwest Region on the Gulf of Mexico in Pinellas County and adjacent federal EEZ waters.

Harvester—Regardless of what species you are fishing for, bag limits are only for properly licensed individuals and those people exempt from licensing requirements who are actively harvesting, and those people harvesting may not exceed the individual bag limit and take someone else's bag limit. That is, people (including children) who are not actively harvesting or are not properly licensed (if license is required) may NOT be counted for the purpose of bag limits.
