1. Currently your license authorizes use and/or storage of licensed material at temporary job sites; however, this issue was not addressed in your renewal application.

Please clarify if you plan to conduct operations at temporary job sites (i.e., locations where work is conducted for limited periods of time and from which gauge users are NOT dispatched to job sites for other customers). If so, please specify "temporary job sites anywhere in the United States where NRC maintains jurisdiction."

2. Please provide either of the following:

- Statement that: "Before obtaining licensed materials, the proposed RSO will have successfully completed one of the training courses described in Criteria in the section entitled 'Individual(s) Responsible for Radiation Safety Program and Their Training and Experience – Radiation Safety Officer' in NUREG-1556, Vol. 1, Rev. 1, 'Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Portable Gauge Licenses,' dated November 2001";

OR

- Alternative information demonstrating that the proposed RSO is qualified by training and experience.
3. Please describe how you will meet and implement 10 CFR 30.34(i), security requirements for portable gauges, specifically, two independent physical controls (<http://www.nrc.gov/reading-rm/doc-collections/cfr/part030/part030-0034.html>).
 4. In order to make sure that our records are complete, please confirm your email address is JMitsuyoshi@masafujioka.com.
