Subject:

Revisions to Draft Letter of Credit

(NOTE: This will be used as the
Documents Title in ADAMS)

11/14/2012 (10:15 and 15:30) I left a message on Mr. Carrier's voice mail for him to get back in touch with me.
11/15/2012 (13:00) I contacted Mr. Carrier and informed him that there were still a few issues with the Letter of Credit. The deficiencies were as follows: (1) The financial institution continues using the language "failing to meet the contract" in the first bullet which details when the Letter of Credit is to be used. The model wording refers to payment of the letter of credit in accordance with the regulations of the NRC. The paragraph describing the NRC's authority to require the letter of credit be issued is missing. (2) Item No. 6 of the RAI dated November 2, 2012, was not covered. (3) Item No. 7 of the RAI dated November 2, 2012, was not covered. (4) Item No. 8 of the RAI dated November 2, 2012, was not responded to by the licensee. Mr. Carrier indicated that he would get together with the representative from the financial institution and go over the perceived discrepancies. I suggested that if there continue to be difficulties that a conference call with Mr. Carrier, myself and the representative from the financial institution should be set up.
