11/13/2012 (13:27) and 11/14/12 (08:25) I left messages on Mr. Campbell's voice-mail for him to get back in touch with me concerning the status of the licensee's renewal application. (11:32) Mr. Campbell returned my call and left a message on my voice-mail. He stated that his position as Radiation Safety Officer is being transferred to another individual. That individual would contact me later today or early tomorrow. (15:10) Mr. Harless called and requested information on how to submit a change of RSO and General Manager. I stated that the license was also up for renewal and asked what the status on that was. Mr. Harless replied that he did not realize that the change in RSO could be done at the same time as the renewal. I showed Mr. Harless the NRC External Website and how to get to NUREG-1556, Volume 4. We went through Appendix B and the type of information that was needed. Mr. Harless stated that he would get management's signature after completing the information and fax the application in which would take a few days, I suggested that he call me if he should have any questions and provided him with the NRC's fax number.
