Hello Everyone:

On October 15, 2012, you were notified of a tentatively scheduled pre-submission audit of the Strathmore Minerals Corporation, Peña Ranch Conventional Mill application. This email is to notify you that the schedule for the pre-submission audit has been finalized and the meeting announcement has been posted to the U.S. Nuclear Regulatory Commission's website at <http://www.nrc.gov/public-involve/public-meetings/index.cfm>, which is also attached to this email. The audit will occur on December 4 through 6, 2012. The NRC staff will tour the proposed Peña Ranch site on December 4, and on December 5 and 6, staff will meet with Strathmore Mineral Corporation at their Santa Fe, NM, office for the application audit. The meetings will be open to government officials and the public, but only the NRC staff will be allowed to review the application as it is a pre-submission document. Meeting details are available in the meeting announcement. If you have any questions, please contact me.
