Good morning Waste' Win,

In your letter where it states that "The Standing Rock Sioux Tribe THPO is also requesting to see a draft for the Scope of Work (SOW) prior to final approval," I wonder if you're referring to the draft SOW that has been developed for the Ross Project using the Dewey-Burdock SOW as a template and shared with the consulting Tribes or if you're referring to the cost proposal for the survey that Mr. Mentz is planning to develop?

Thanks,
