******* PLEASE RESPOND BY RETURN E-MAIL TO CONFIRM RECEIPT

David,

This is in response to your letter dated October 15, 2012 requesting an additional location of use for CRMI. In order to continue my review I will need the following additional information:

1. Please provide a copy of the lease agreement in English.
2. Please confirm that your proposed location of use is not a location of use for any other active NRC license.
3. It appears that your location of use may be controlled by an entity other than yourself. If so, please provide documentation of a clear contractual agreement concerning access to your location of use for the purpose of decontamination or removal of licensed material from the location of use in the event of disharmony between you and the owner entity. This documentation should consist of signed certification from both parties.
4. It appears that there is an exterior door entering into the hot lab. Please describe your methods for maintaining security of the licensed material in this area.
5. On the floor plan, indicate the restricted vs. unrestricted areas.
6. Finally, confirm that you will no be using PET products at this location.

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 579275. If you have any questions regarding this e-mail, please call me at (610) 337-5272 or by return e-mail.

If we do not receive a reply from you within 30 calendar days from the date of this letter, we will assume that you do not wish to pursue your application.
