Re: Strata Ross Uranium

Dear Mr. Mentz,

The Rosebud Sioux Tribal Historic Preservation Cultural Resource Management Office requests that Makoche Wowapi, an independent historic properties assessment firm, be referred contractor for the proposed Ross (Strata) Uranium extraction project to identify cultural resources properties significant to the Rosebud Sioux Tribe.

The Rosebud Sioux Tribe is, in addition, requesting a copy for review of the Scope of Work (SOW) prior to final approval.

Lastly, the following people are certified monitors/surveyors (Traditional Cultural Specialists –TCS) trained and approved by the Rosebud Sioux Tribe and may be used to represent, during this specific field reconnaissance period, the interest of the Rosebud Sioux Tribe. Some of the TCS are employed currently with the Rosebud Sioux Tribal Historic Preservation Cultural Resource Management Office and others may be on jobs already. Please call availability for those permitted to represent us on projects of this nature.
