**Subject:** Decommission San Onofre

Dear NRC Commissioners:

Please have an open judicial and public hearing on the safety of the San Onofre Nuclear Power Plant. I am very concerned about the safety of plant and the dangers involved with it. I believe that the harm that can be done to Southern California by a nuclear accident at that plant would be catastrophic. The risk involved with this plant is not worth the profit to be made by the utility company.

Please in the name of future generations and the safety of the area stop the start-up of that most threatening of industries, San Onofre Nuke Plant.

Sincerely,

Randy Ziglar
