QUESTIONS

01.05-4

The NRC staff has been directed by the Commission to implement the Fukushima Near-Term Task Force Recommendations, as presented in SECY-12-0025, "Proposed Orders and Requests for Information in Response to Lessons Learned from Japan's March 11, 2011, Great Tohoku Earthquake and Tsunami", dated February 12, 2012. This request for additional information specifically addresses Recommendation 4.2 on Mitigating Strategies, as described in Attachment 2 to Order EA-12-049. The NRC staff understands that MHI intends to include a new COL item that would require a COL referencing the US-APWR design to implement actions to address these provisions, and that you would propose a license condition. In your response, please specifically include in the text of any proposed license condition the extent of your commitment to follow the guidance in JLD-ISG-21012-01, or any alternative approaches.
