Subject: REQUESTED INFORMATION

Chris,

This is in response to your request for information during yesterday's phone call:

The PWC containing ISC-18 GTCC process waste was shipped from HBPP on September 17, 2012 to go to Barnwell, SC.

The PWC containing ISC-18 GTCC process waste was returned to HBPP from Barnwell on November 19, 2012. It was placed in its storage location in the spent fuel pool on November 20, 2012.

The NRC Materials License No. for Energy Solutions at the Barnwell Processing Facility is 287-04.

Let me know if you need more information for your review of License Amendment Request 10-01, Revision 1.

David Sokolsky
HBPP Supervisor of Licensing
415-973-5024 office
