B. Submitting Comments

Please include Docket ID **NRC-2013-0041** in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed. The NRC posts all comment submissions at <http://www.regulations.gov> as well as enters the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information in their comment submissions that they do not want to be publicly disclosed. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment submissions into ADAMS.

II. Further Information

The Office of New Reactors and Office of Nuclear Reactor Regulation are revising these sections from the current versions. In respect of these revisions, details of specific changes are included in the end of each of the revised sections themselves and are shown in the description of changes.

The changes to this Standard Review Plan (SRP) Chapter reflect current staff review methods and practices based on lessons learned from NRC reviews of design certification and combined license applications completed since the last revision of this chapter. Changes include: (1) enhancements to guidance to the staff for evaluating the acceptability of the seismic and civil structural design and analysis issues, (2) updates to review interfaces to improve the efficiency and consistency of staff reviews and (3) updates to references covered in SRP Chapter 3.

The NRC staff is issuing this notice to solicit public comments on the proposed SRP Sections in Chapter 3. After the NRC staff considers any public comments, it will make a determination regarding the proposed SRP Sections in Chapter 3.

Dated at Rockville, Maryland, this 14th day of February 2012.

For the Nuclear Regulatory Commission,

/RA/

Amy E. Cabbage, Chief
Policy Branch
Division of Advanced Reactors and Rulemaking
Office of New Reactors

The changes to this Standard Review Plan (SRP) Chapter reflect current staff review methods and practices based on lessons learned from NRC reviews of design certification and combined license applications completed since the last revision of this chapter. Changes include: (1) provision of guidance to the staff for evaluating the acceptability of the radiation protection program including the applicant's use of generic radiation protection and groundwater program templates, (2) additional guidance for review of existing regulatory requirements related to the material covered in Chapter 3 of the SRP, (3) updating the review interfaces to improve the efficiency and consistency of staff reviews and (4) updating references covered in SRP Chapter 3.

The NRC staff is issuing this notice to solicit public comments on the proposed SRP Sections in Chapter 3. After the NRC staff considers any public comments, it will make a determination regarding the proposed SRP Sections in Chapter 3.

Dated at Rockville, Maryland, this 14th day of February 2012.
