Dear Ms. Holohan:

USEC Inc. letter GDP 12-0025 dated July 24, 2012, provided the U. S. Nuclear Regulatory Commission (NRC) with updated Owners, Officers, Directors and Executive Personnel (OODEP) forms for USEC Inc., the United States Enrichment Corporation, American Centrifuge Operating, LLC, American Centrifuge Holdings, LLC, American Centrifuge Manufacturing, LLC and American Centrifuge Enrichment, LLC. NRC letter to USEC Inc. dated November 2, 2012, documented completion of NRC review of the OODEP forms and the updating of the Department of Energy's Safeguards and Security Information Management database. The purpose of this letter is to provide updates to the OODEP forms for USEC Inc. and American Centrifuge Operating, LLC. The updated OODEP Forms for USEC Inc. and American Centrifuge Operating, LLC are provided as Enclosures 1 and 2, respectively. The documents have been executed by an individual shown on the OODEP Form.

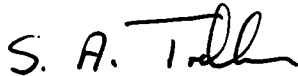

USEC requests that the information contained in the Enclosures be withheld from public disclosure. 10 CFR 2.390(a)(6) and 9.17(a)(6) state that personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, are exempt from public disclosure. The Enclosures contain personal information of this nature.
