ARLINGTON, TEXAS 76011-4511

December 14, 2012

DBI, Inc.
ATTN: Pennie Frye
Radiation Safety Officer
5330 N. 57th Street
Lincoln, Nebraska 68507

SUBJECT: LICENSE TERMINATION

Dear Ms. Frye:

Please find enclosed Amendment Number 05 to NRC License Number 49-29301-01 **terminating this license. The license was terminated concurrently with the issuance of new NRC License Number 26-29301-01. Since your mailing address changed to another state it was necessary to change the license number as well.** An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14)(vi). You should review this license carefully and be sure that you understand all conditions. You can contact me at 817-200-1590 if you have any questions about this license.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's expectations for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

/RA/

Michelle Simmons, Health Physicist
Nuclear Materials Safety Branch B
