Dear Tekia Govan,

That arrangement is most agreeable with the meeting being audio recorded.

Thank you

Mr. Keegan:

In response to your request, below are the teleconference number, passcode and ML number for the draft slides that will be presented by DTE/Fermi 3 at the November 29, 2012 public meeting:

Teleconference number: 888-922-9018
Passcode: 45394
Draft Slide Presentation: ML12321A341

As we discussed via telephone, we will not be able to accommodate your request for the meeting to be transcribed. However we are currently working with our staff to ensure that the room has proper microphones and the meeting will be audio recorded.

Please let me know if I can assist you further.

Thanks
Tekia

Subject: Open Items Mtg with DTE / Fermi 3 COLA November 29, 2012

Dear Tekia Govan,

Project Manager Licensing Branch 3
Division of New Reactor Licensing

Office of New Reactors

With regards to the meeting scheduled for November 29, 2012 with DTE, could you please provide me with the phone # and code # for this meeting. Also, it is my understanding that there will be some 30 participants, in the past the microphones and audio pick-up of meetings of this nature are very difficult to hear and understand over the phone. This is compounded by soft spoken participants, many with english as a second language. I am requesting that the room be properly miked so as to provide optimal Teleconference listening and participation.

As this has potential of being a lengthy meeting I am requesting on behalf of the public that the NRC have full recordation of the meeting so as to preserve the meeting content. On behalf of the public and as legal intervenors in the Fermi 3 COLA proceedings I am requesting transcription of the meeting and audio recording of the meeting.

I also look forward to ML#s for participant presentations.

Thank you
Michael J. Keegan
