US NRC
Materials Licensing Branch
US Nuclear Regulatory commission, Region III
2443 Warrenville Road, Ste 210
Lisle, IL 60532-4352

This letter is pursuant to a requested for additional information for a submitted license amendment for material license #21-26539-01, issued to Cats Veterinary Clinic, 43727 Gratiot, Clinton Twp., Michigan.

Dr. Vani graduated from Michigan State University 5/6/2005, she performed her 20 hours of physics training with Laura Smith of Radiological Physics Training over the period of May 21 -29, 2012, and she performed the Iodine-131 case studies over the period of Feb 1, 2012 thru May 30, 2012.

If there are any questions regarding the qualification of Dr. Vani, DVM, please contact Dr. Dan H. Marshall DVM, at 586-463-9550, and Laura Smith may be reached via email at lsphysics@att.net.

Sincerely,

Dan H. Marshall, DVM
Radiation Safety Officer
