### SUMMARY

This refers to your application to amend your license dated September 21, 2012 and the phone conversation between Benny Tennyson and Jennifer Bishop on December 3, 2012.

1. Please confirm that the change in name from CountryMark Cooperative, LLP to Countrymark Refining and Logistics, LLC is the result of a name change and not a change in ownership. Please refer to the definition below to ensure there has not been a transfer of control.

"Control over licensed activities can be construed as the authority to decide when and how that license (licensed material and/or activities) will be used. A change of ownership may be an example of a change of control if authority over the license has transferred from one person to another. The transfer of stock or other assets is not necessarily a change of control. The central issue is whether the authority over the license has changed."

**RESPONSE: Please respond in writing confirming that there has been no transfer of control.**

2. In your request, you asked to change several authorized users. Please note that License Condition No. 11 allows you to change authorized users as long as their training meets that criteria. Based on this, no action needs to be taken

**RESPONSE: No response in necessary.**

- 
3. In your request, you stated that the addition of the new source will bring the total activity of material onsite to 610 mCi. This is less than you are currently authorized for.

**RESPONSE: Please confirm the activity of cesium-137 and the activity radium-226 that you will possess. Also, please indicate the number of new devices you plan to obtain.**

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

**Action Required:**

Submit the requested information within 7 calendar days (by December 10, 2012) by referencing control number 579210 to facilitate proper handling in our office. Please contact me if you need to make alternative response arrangements.

If we do not receive an adequate response by this date, we may or will "void" the current action without attempting to contact you further and without prejudice to resubmission of your request at a later date.
