RE: Docket ID NRC-2012-0277

Dear Ms. Bladey:

I am writing to ask that the Nuclear Regulatory Commission extend the comment period on the Supplemental Environmental Impact Statement for the Dewey-Burdock project in Custer and Fall River Counties, South Dakota.

This document was issued just before Thanksgiving, and comments are due at the end of the holiday season. It is unreasonable to expect people to read a lengthy technical document and prepare comments in such a short timeframe, especially when people are vacationing, traveling and spending time with families.

A 30-day extension would be reasonable and appreciated, giving people time to prepare thoughtful, complete comments.

Thank you for your consideration of this request.

Sincerely yours,

Dr. Jerry Wilson
County Commissioner
Clay County, SD
