RE: Docket ID NRC-2012-0277

Dear Ms. Bladey:

We would like to start by saying that we hope you had a nice holiday season. Most of us find it to be a very busy time of year. For this reason we send this letter to you. Please give additional time to comment on the Supplemental Environmental Impact Statement for the Dewey-Burdock project in Custer and Fall River Counties, South Dakota.

Since the document was available right before Thanksgiving, and comments are due just after the New Year. It is unreasonable to expect people to read a technical document that is hundreds of pages long and prepare comments in such a short timeframe. This is too important to not have the time to read.

Please extend at least 30 days, so that we can prepare our comments. Of course, if you could see that even more than 30 days granted, it would be even more appreciated.

Thank you for your consideration of this request.

Sincerely,

Cheryl Rowe
