Subject: RAI EXTENSION REQUEST

Docket No. 03003754
License No. 06-00217-06
Control No. 577155

Hello John,

ABB requests an extension of time of up to January 15, 2013, to respond to your letter of November 27, 2012, regarding a RAI concerning ABB's Final Status Survey Report #5 for the Site Brook.

Reviewing extensive data, in combination with the holidays make it difficult to meet the December 26th due date and maintain the quality and thoroughness expected.

If there are any questions about this request, please feel free to contact ABB's RSO, Heath Downey at 207-939-5560 (cell) or me at 860-418-0370 (cell), or either of us by email.

Best Regards, and Have a Nice Holiday Season, JOHN
