PROPRIETARY INFORMATION IN ATTACHED FILE

Dennis,

Even though the date of the attached audit report is old, we want to document and reference in the SER this attached audit report. At this time we request AREVA do a proprietary review on the attached audit report and identify by highlight or bracketing (whatever is easier) any proprietary information in the document.

Please let us know when we can expect the review to be completed. It is approximately 15 pages total. If you can have this done before the end of January 2013, it would be most helpful.
