SUBJECT: Request for Amendment to U.S. Nuclear Regulatory Commission Materials License Number 05-27748-01, Amendment 07

Dear Sir or Madam:

MACTEC Development Corporation (MDC) is requesting an amendment to the subject license (issued under Docket No. 030-36204, dated September 10, 2012). In accordance with License Amendment No. 07 letter, dated September 10, 2012, Item 4.d, MDC is notifying you that a name change will occur sometime in the first quarter of 2013. The name of the company will change from “MACTEC Development Corporation, a wholly owned subsidiary of AMEC Environment & Infrastructure, Inc.” to “AMEC Environment & Infrastructure, Inc.” No other changes of ownership, control, staffing or physical office location will occur because of this name change.

This amendment request is due solely to a forthcoming name change of the company, and will not result in any change in current or future operations or management of the license. The employees named in the license (13. A, B) will retain responsibility for licensed operations. Written programs and procedures that govern licensed activities will be edited to reflect the change in company name. Licensed activities will continue in their current form without interruption, as this is a name change request only.

If you have any questions or concerns after reviewing this amendment request, please do not hesitate to contact me at (970) 243-2861.

Sincerely,

Michael P. McDonald, CHP, RRPT
Manager of Projects
Radiation Safety Officer
